## PROFILE

---

Information Systems student specializing in UI/UX Design and Front-End Development. Skilled in building responsive web applications using Figma, Next.js, and Tailwind CSS, with proven experience in digital product strategy from a recent internship at VINIX7.

## EDUCATION HISTORY

---

**Universitas Pembangunan Nasional “Veteran” Jawa Timur** 2023 - Now

- S1 Information System | IPK: 3.597 / 4.00

**SMK Negeri 1 Surabaya** 2020 – 2023

## WORK EXPERIENCE

---

**UI/UX Designer Intern, PT VINIX SEVEN AURUM** Aug 2025 – Dec 2025

- Designed aesthetic and functional User Interfaces (UI) for web using Figma, focusing on optimal user experience.
- Translated visual designs into live, responsive websites using HTML, CSS, and Webflow, ensuring pixel-perfect implementation across devices.
- Collaborated closely with the development team to align technical implementation with design specifications.

**Computer Technician Intern, ABAS COMPUTER** Oct 2021 – March 2022

- Diagnosed and repaired computer hardware/software issues to ensure optimal client operations.
- Provided direct technical support to customers, resolving problems with a focus on service excellence.

## EXPERIENCE

---

**WebSpire – Digital Web Agency | [Link](#)** Oct 2025 – Nov 2025

Final Project at VINIX7 Internship

- Developed a fully responsive and SEO-friendly website for a digital agency, featuring a client booking form and payment upload system.
- Implemented a functional admin dashboard to manage incoming requests and site content.
- Collaborated with a team to ensure the site met professional design standards and cross-browser compatibility.

**Personal Portfolio Website | [Link](#)** Oct 2025 – Nov 2025

Front-End Development Project

- Engineered a high-performance portfolio using Next.js (App Router) and Tailwind CSS.
- Implemented modern "Anti-Flat" design principles with scroll-reveal animations and 3D interactive cards.

**Farm’In – Campus Project** Feb 2025 – June 2025

E-Commerce Platform for Agricultural Products

- Collaborated in a team to design the user flow and visual interface for an agricultural e-commerce platform.
- Conducted user research to ensure the design met the specific needs of local farmers and buyers.

**Research Collaboration – User Study** Feb 2025 – June 2025

Analysis of User Satisfaction of the Ajaib Alpha Application Using the EUCS Model and SEM-PLS

- Worked in a group to collect and process over 400 survey responses.
- Supported teammates in analyzing results, maintaining accuracy and efficiency.
- Strengthened problem-solving and teamwork skills through shared responsibilities.
